

**ERA-NC Alliance Membership Report for the 2022 Annual Meeting  
November 19, 2022**

**Lead Organizations:** The Alliance entered 2022 with support from 12 dues paying Lead Organizations from 2021. One of the organizations has since dissolved but did pay its 2022 dues. We were excited to welcome a new organization to our list: the North Carolina Association of Women Attorneys. As of November 13th, 10 of our 12 Lead Organization had paid dues for 2022 and discussions continue with the two remaining organizations.

The current lead organizations that have paid 2022 dues are:

- AAUWNC
- Democratic Women NC
- League of Women Voters NC
- NC Association of Women Attorneys
- NC NOW
- NC Women United
- Ratify ERA NC
- Women NC
- Women AdvanCe
- Women's Forum

The Alliance appreciates the support of its lead organizations in programming, in combined legislative efforts and, of course, financial support.

**Member Organizations (Non-dues paying but supportive of mission):** Member Organizations are generally smaller units of statewide lead organization. As an example, the League of Women Voters is a lead organization and several county based Leagues have signed up as Member Organizations, There are currently 40 member organizations.

**Individual Members:** The individual members of the Alliance show remarkable staying power and support of the organization. As of November 18th, the Alliance had **68 individual members**. 48 had renewed from 2021 and 20 are new. Members who joined in October through December of 2022 are included as members for 2023. So far, there are nine members who are in this group.

Also, the Alliance added one new membership option for this year. Existing members who signed up to attend the Annual Meeting in person AND renewed their dues for 2023, received a small discount on the fees. 15 current members have taken this option and pre-paid their dues. We are entering 2023 with 24 dues paying members.
